

Zhejiang Kende Mechanical &  
*Electrical Co., Ltd*

## Welcome to Kende

[Zhejiang Kende Mechanical & Electrical Co., Ltd.](#) (Kende) is one of the urban dream creators. Kende carries forward the spirit of craftsmen and focuses on lean production. Aiming to become the larger and stronger

electric welding machine manufacturer

in the world, Kende full of enthusiasm is pressing ahead according to the Made in China 2025 strategy.

## ABOUT

*Zhejiang Kende Mechanical & Electrical Co., Ltd.*

[Zhejiang Kende Mechanical & Electrical Co., Ltd.](#) (Kende) is one of the urban dream creators. Kende carries forward the spirit of craftsmen and focuses on lean production.

Aiming to become the larger and stronger welding equipment manufacturer in the world, Kende full of enthusiasm is pressing ahead according to the Made in China 2025 strategy.

At the beginning, Kende was just a small workshop with several sets of simple and crude equipment and few talents. At present, Kende has three large production bases which are Luqiao Factory, Linhai Factory and Pengjie Factory with a total area of nearly 200 thousand square meters. Pengjie Factory covers an area of 80 thousand square meters.

Kende has a rate modern office environment, advanced production equipment and a batch of high-quality innovative technical research and development teams. Kende has become a world-famous enterprise and a model in the industry.

## *Why Choose Kende*

Kende has a modern office environment, advanced production equipment and a batch of high- quality innovative technical research and development teams. Kende has become a world-famous enterprise and a model in the industry.

### **Customization**

We have a strong R&D team, and we can develop and produce products according to the requirements of the customers.

### **Value for Money**

We can design and develop our own products, and can produce products on a large scale. So we can offer the price and products directly.

### **Quality Control**

We have our own testing lab and the advanced and complete inspection equipment, which can ensure the quality of the products.

### **Multiformity**

All kinds of welding machines, including: Manual Metal Arc (MMA) or Stick welding machines, Tungsten Inert or argon Gas (TIG) shielded arc

### **Customization**

*We have a strong R&D team, and we can develop and produce products according to the requirements of the customers.*

### *Value for Money*
